HOBBIES

Electrical:	Naturally, I am practically sound and I enjoy doing the fixing of home electrical appliances, to the level of fixing the whole electrical connectivity of a whole building.
Carpentry:	This was an inherited turn to hobbies skill; I fix and make furniture in my leisure time.
Designing: (graphic and fashion)	This skill was acquired during my days in the university and it has been what I enjoy doing,
Learning New Thing:	This is what leads me to be a programmer, and it is the best thing ever happen to me, I enjoy fixing problem.
